

SPECIALIZATION

Building Next-Gen AI Solutions with Agents

Joel Andres Solaeche

Successfully completed the specialization, gaining a comprehensive understanding of LLM-powered agents, from basic prompt engineering to production-level multi-agent systems.

Main Skills & Tech Stack:

LLMs

Agents

Prompt Engineering

Structured Outputs

Retrieval-Augmented Generation (RAG)

LangChain & LangGraph

Agent Memory Architectures

Tool Integration & API Calls

Multi-Agent System

Agentic Design Patterns

A handwritten signature in white ink that reads "A. Caverzasi".

Agustín Caverzasi
CEO

A handwritten signature in white ink that reads "P. Pastore".

Pablo Pastore
ACADEMIC LEAD
